Home Learning

Please share a story each night with a grown up or older sibling

Hi There, Parents and carers,

This week we have started talking about eggs. With easter approaching I like to show the children all about the animals that hatch from eggs. We have watched time lapse videos of snakes, hens, lizards and even a dinosaur egg hatching! (This one wasn't real!) It is so interesting talking about eggs and I'm sure the children will tell you all about it. We also looked at chocolate eggs and the fact bunnies are born and do not come from eggs. The Easter bunny brings chocolate eggs at easter. This is always a little confusing for young children.

We have been practising all our sounds we already know and started oral blending activities in groups. The children are doing amazingly well.

The children have had a lovely time in the outdoor learning environment and will be needing sun cream before we know it!

If you have any questions please feel free to ask myself or any of the team.

Miss Cole

I am Proud award

Little Cubs – Kinley for making good choices in her play.

Little Chameleons- Olivia for using her words and being a kind friend.

Important

If your child will not be able to attend nursery, please inform school on the first day of their absence on 01803 293040.
