Spending Overview :

Rationale

The Learning Academy Partnership is dedicated to delivering high quality PE & school sport to all children. We aim to raise standards in PE and equip the children with the desire, skills, knowledge and understanding necessary to lead a healthy lifestyle.

Intent statement:

As well-rounded, active citizens, our children will feel a sense of belonging by immersing themselves in a wide range of physical activities. The PE curriculum will enable children to use movement confidently, developing respect for themselves and each other and a positive sporting attitude. A physically demanding and challenging curriculum inspires all to succeed and excel, developing both physical and mental health and wellbeing. Opportunities for positive competition in sport and other activities build character and self-discipline whilst encouraging them to continue to have an active lifestyle beyond their school life.
